LOS ANGELES COUNTY FLOOD CONTROL DISTRICT FUNDING AGREEMENT
IMPLEMENTING APPROVED DISTRICT FUNDING FOR
FRANK G. BONELLI REGIONAL PARK, PECK ROAD PARK,
AND VARIOUS TRAILS FOR FISCAL YEAR 2005-06
SUPERVISORIAL DISTRICTS 1 AND 5
3 VOTES**

**JOINT RECOMMENDATION WITH THE DEPARTMENT OF PARKS AND
RECREATION, ACTING AS THE GOVERNING BODY OF THE LOS ANGELES
COUNTY FLOOD CONTROL DISTRICT:**

1. Find the recommended actions categorically exempt from the provisions of the California Environmental Quality Act (CEQA).
2. Approve the enclosed 15-year Lease Agreement between the Los Angeles County Flood Control District and the County of Los Angeles (as Lessee) for boating and recreational purposes, over and adjacent to the District's Puddingstone Dam and Reservoir, all of which are located within the Frank G. Bonelli County Regional Park, in the City of San Dimas, at a \$2,500 rental rate per year.
3. Instruct the Mayor and the Chair to sign the Lease Agreement and authorize delivery to the Lessee.

4. Instruct the Mayor and the Chair to execute both the Funding Agreement and the Sublease on behalf of the County and the District.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The Lease Agreement: This action will allow the District to continue to lease to the County the right to use the water surface of the reservoir and the immediate adjoining areas for 15 years for boating and recreational purposes. The leased premises are located within the County's Bonelli Regional Park, in the City of San Dimas. This Lease Agreement is a renewal of existing Lease Agreement No. 16399, dated June 9, 1970, between the two parties, which expired on June 30, 2005. The proposed Lease Agreement is for an initial term of five years, giving the Lessee an option of two additional five-year terms to extend for a total of 15 years.

The Funding Agreement and Sublease: Section 2.15. of the Los Angeles County Flood Control Act authorizes the expenditure of District funds for the preservation of recreational features on District properties. District funds can also be spent for preservation of recreational features on lands contiguous to District property if the District acquires interests in such lands and if the Board finds that such acquisition is necessary to preserve recreational features. Public Works and Parks and Recreation have worked together to identify two parks and various trails that are eligible to receive District funds. As required by the Los Angeles County Flood Control Act, these parks and trails are either on or contiguous to District facilities.

This Lease Agreement authorizes the District to provide funding for the operation and maintenance of Peck Road Park in the unincorporated County area adjacent to Arcadia, which property is already owned by the District, and for Bonelli Regional Park, which is subject to the execution of the enclosed Sublease and various riding and hiking trails located on District right of way. Under prior Funding Agreement No. 75131, which expired on June 30, 2005, the District provided Fiscal Year 2004-05 funding to Parks and Recreation for these purposes. This Lease Agreement continues District funding to Parks and Recreation for Fiscal Year 2005-06.

The enclosed Sublease, which your Board is also being asked to approve contemporaneously with the Funding Agreement, continues a lessor/lessee relationship between the County and the District. The Sublease, whose inception was in January 1995, allows the District to acquire a leasehold interest in the property so it can enter into a funding agreement for that property.

Implementation of Strategic Plan Goals

These actions are consistent with the Strategic Plan Goal of Fiscal Responsibility that will provide both the County and the District with sources of revenue under the Lease Agreement. The Funding Agreement and Sublease will provide sufficient monies for Parks and Recreation to continue to maintain recreational features at these parks. These actions also satisfy the goal of Service Excellence since providing these recreational facilities improves the quality of life in the County.

FISCAL IMPACT/FINANCING

The Lease Agreement: The rent is \$2,500 per year. This amount will be paid and deposited into the Flood Control District Fund.

The Funding Agreement and Sublease: The total cost to the District is \$3,900,000 for Fiscal Year 2005-06. The Funding Agreement and Sublease are based on County operation and maintenance of these parks with the District to reimburse the County actual allowable costs incurred during the term of the Funding Agreement and Sublease up to a maximum reimbursement of \$3,900,000. Sufficient funds to cover the District's costs under the Funding Agreement and Sublease are available in the Fiscal Year 2005-06 Flood Control District Budget.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

It is the intention of the parties that the Bonelli Regional Park Sublease between the District and County should be renewed before the District reimburses the County for any actual costs incurred under the subject Lease Agreement. The Funding Agreement and Sublease provide that the County will indemnify the District from any liability as set forth in the Funding Agreement and Sublease. County Counsel has reviewed and approved these Agreements as to form.

ENVIRONMENTAL DOCUMENTATION

The recommended actions are categorically exempt pursuant to Class 5, Subsection (a) of the Environmental Reporting Procedures and Guidelines adopted by your Board on November 17, 1987, and Section 15305 of the State CEQA Guidelines in that the County is entering into an agreement with the Los Angeles County Flood Control District, another local agency, to accomplish activities that are categorically exempt. The activities to be accomplished are categorically exempt pursuant to Class 1, Subsections (c), (d), (j), (r), (s), (x) of the Environmental Reporting Procedures and

The Honorable Board of Supervisors

Guidelines adopted by your Board on November 17, 1987, and Section 15301 of the State CEQA Guidelines in that the activities are the operation and maintenance of existing public facilities involving no expansion in use beyond that which presently exists.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

The Lease Agreement: None.

The Funding Agreement and Sublease: This Agreement continues the prior Funding Agreement. As such, current services will not be impacted.

CONCLUSION

These actions are in the County's and District's best interests. Enclosed are three originals of the Lease Agreement, Funding Agreement, and Sublease. Please have the respective originals signed by the Mayor and Chair and acknowledged by the Executive Officer of the Board. Please return one fully executed original of each document to Parks and Recreation and Public Works, retaining one original of each for your files.

One adopted copy of this letter is requested for Parks and Recreation and Public Works.

Respectfully submitted,

WITNESSETH:

WHEREAS, the DISTRICT is the owner of the Puddingstone Dam and Reservoir, hereinafter referred to as DISTRICT'S Property, located in the City of San Dimas, County of Los Angeles, California; and

WHEREAS, in 1960, a modification of Lease Agreement No. 2165 was executed at the request of the COUNTY to allow for concessions; and

WHEREAS, in June of 1970, the DISTRICT and the COUNTY entered into a new Lease Agreement No. 16399, which will expire on June 30, 2005; said Lease Agreement was last amended July 30, 1996, and recorded January 23, 1997, as Instrument No. 97-118805, of Official Records, in the Office of the Registrar-Recorder/County Clerk; and

WHEREAS, DISTRICT has no objections to the use of a suitable water surface by COUNTY for recreational purposes, nor to granting such storage capacity, under the terms herein, so long as and provided that COUNTY'S use is consistent with the DISTRICT'S water conservation and flood control responsibilities.

NOW, THEREFORE, in consideration of the terms and conditions set forth herein, DISTRICT and COUNTY agree as follows:

1. TERM

The term of this AGREEMENT shall be for a period of five (5) years commencing on July 1, 2005, with two five (5) year extensions upon mutual consent of both parties.

2. CANCELLATION

It is understood and agreed that if the DISTRICT determines, in its sole discretion, should the COUNTY, or others under contract with the COUNTY, or under the direction of the COUNTY, fail to keep the covenants of this AGREEMENT, the DISTRICT will notify the COUNTY in writing of any violations and will requests that corrective steps be taken within a time period set forth in the notice. Notification will be made to the Director of Parks and Recreation (433 South Vermont Avenue, Los Angeles, California 90020), or the address of its Director at the time of cancellation. A reasonable period of time is to be determined by the DISTRICT contingent on the circumstance causing such violations. If corrective steps are not undertaken by COUNTY within this specified period of time, the DISTRICT will either initiate corrective work if this is within its scope of operations, and COUNTY will subsequently reimburse DISTRICT or cause DISTRICT to be reimbursed for such corrective work, or notification of cancellation of the AGREEMENT in its entirety will be made to COUNTY by delivering written notice sixty (60) days prior to effective date thereof.

3. RENT

The COUNTY shall pay to the DISTRICT the sum of **TWENTY-FIVE HUNDRED AND NO/100 DOLLARS (\$2,500) per year** payable annually in advance on or before the first day of each July, beginning July 1, 2005, during the term of this AGREEMENT and any extension thereof.

4. PREMISES

Subject to the terms of this AGREEMENT, COUNTY shall have the right to use that certain real property known as Puddingstone Dam and Reservoir, located within the City of San Dimas, and as legally described in Exhibit A and shown on Exhibit B, both are attached hereto and incorporated herein by reference, hereinafter referred to as PREMISES.

Notwithstanding the foregoing, it is understood that the PREMISES do not include:

Camp Area: Commencing at a point on an existing fence corner located approximately 220 feet easterly of spillway; thence southerly along said fence line surrounding camp area to a point on the north abutment of Dam No. 1; thence along the upstream face of Dam No. 1 to the south abutment; thence westerly across the roadway; thence northerly to the intersection of the realigned spillway channel outlet; thence easterly along the northerly side of the channel wall to the point of beginning. The main roadway previously known as San Dimas Avenue and hiking trail along the south and easterly sides of the camp area are excluded from the above description.

Dam Nos. 2 and 3: The upstream and downstream faces of the dams from the water surface to the point below the toe of the dams to include the leakage measuring facilities.

Gaging Station: The area immediately surrounding the gaging station below Dam No. 1, including the weir measuring section across the channel.

Precise Survey Monuments: The areas immediately adjacent to and surrounding the precise survey monuments established on the dams, the abutments, and the base line monuments located on the easterly shore of the reservoir. No structures that will interfere or in any way disturb the monuments and/or the line of sights between these monuments will be permitted.

5. USE

A. Water Storage:

COUNTY shall have the nonexclusive right to utilize storage space in Puddingstone Reservoir for such waters as arrived there, either as natural inflow, purchased imported water, or by means of Puddingstone Diversion Lateral (which commences at Puddingstone Diversion Dam on San Dimas Wash), provided that the water in storage by COUNTY may not exceed elevation 940, subject to the following terms and conditions:

- (1) The DISTRICT, in its sole and absolute discretion, reserves the right to change the elevation 940 should operating conditions at the dam change such that the DISTRICT can no longer fully perform its flood control

responsibilities. The DISTRICT shall confer with the COUNTY prior to making such change in elevation. The COUNTY shall be responsible for any costs that the DISTRICT may incur as a result of such change in elevation.

DISTRICT agrees that, so long as consistent with applicable statutes, its flood control, watershed management practices, water conservation responsibilities, and orders and rulings of any tribunal binding on it or the COUNTY, it will not release waters from Puddingstone Reservoir below contour line 940, unless the DISTRICT, in its sole and absolute discretion determines a release is required to serve flood control purposes and/or to preserve the safety of the reservoir, dams and appurtenant structures. This right includes the right to release for maintenance and repair. When drainage for routine maintenance is required, DISTRICT will give the COUNTY 180 days advance written notice. For any emergency work, the DISTRICT shall provide as much advance notice as practical.

The DISTRICT will, in accordance with its adopted Reservoir Operating Plan, diligently operate the reservoir in such a manner as to ensure the reservoir water surface elevation is above contour line 940 by the end of the storm season.

In the event that DISTRICT is unable to achieve a water surface elevation above 940 using Local Water by the end of the storm season. COUNTY will subsequently reimburse DISTRICT or cause DISTRICT to be reimbursed for the cost to replenish the reservoir to elevation 940 using Imported Water.

- (2) DISTRICT reserves the right to operate and maintain the dam, reservoir, and related appurtenances subject to any restrictions imposed by the State.
- (3) Subject to any legal or regulatory requirements, including, without limitation, any requirement from the State of California, the DISTRICT, in its sole and absolute discretion, may allow COUNTY to store water above elevation 940 from sources described above in Section 5A. Such consent shall only be valid when provided by the DISTRICT to the COUNTY in writing, and may be withdrawn by the DISTRICT at any time, with or without cause, at the DISTRICT'S sole and absolute discretion.

Such consent shall be subject to the following conditions:

- (a) The DISTRICT in its sole and absolute discretion shall continue to release water from the reservoir as needed to elevation 940. The DISTRICT shall reasonably attempt to restore the reservoir elevation to that established in Section 5(A)3. The COUNTY recognizes that at times there may be insufficient natural inflow to return the reservoir to the elevation established in Section 5A(3).

- (b) Should natural inflow be insufficient to raise the reservoir to the elevation established in Section 5A(3), the DISTRICT shall not be responsible for providing other water to raise the reservoir to the elevation established in Section 5A(3).
- (4) The COUNTY, with assistance from the DISTRICT, will conduct a study to identify the facilities of the COUNTY that would require modification so that they may still fully operate for recreational purposes with the water surface elevation in the reservoir at elevation 940. The study shall include a description of the needed modifications to the facilities and their cost. This study shall be completed no later than June 30, 2008. Upon completion of the study, the DISTRICT will assist the COUNTY in identifying funding sources including, but not limited to, grants, loans, etc., to implement the improvements.

B. Recreation:

- (1) The COUNTY shall, in connection with the other specified operations, have the right, directly or herein before defined, to rent boats for use on the reservoir. All boats must be moored and none is permitted upon the reservoir outside the mooring area, from one-half hour after sunset until one-half hour before sunrise.
- (2) The COUNTY shall not authorize nor permit the operation upon or within the waters of the Puddingstone Reservoir of any craft of an experimental nature, of unsafe design or condition, or if improperly or inadequately equipped; nor permit the operation of any craft in a manner creating hazard to persons or property or to itself; nor permit the operation of any craft at any time at speeds in excess of 35 miles per hour, except under the following conditions:
 - (a) No speed limit shall be imposed upon watercraft participating in programs, events, and activities that have the prior approval of the COUNTY and the DISTRICT, and which are arranged by or are under the direct control of the COUNTY. Such events are to be conducted only within defined courses cleared of all nonparticipating craft.
 - (b) No speed limit shall be imposed upon patrol or rescue craft or other craft commandeered or delegated for such official purposes.
- (3) The DISTRICT reserves the right to restrict the operation of watercraft upon or within the waters of the Puddingstone Reservoir to assure adequate safety and security for Puddingstone Dam.

C. Concessions:

The COUNTY shall have the right to operate, directly, or by and through contracts or AGREEMENTS with others, a concession(s) with the right to sell, purvey, and supply to the general public, within the areas herein defined, food, refreshments, groceries, tobacco products, fishing equipment, licenses, baits, recreational equipment and supplies, newspapers, periodicals, and similar products and commodities. In addition, subject to the approval of the DISTRICT, the COUNTY shall have the right to sell, or to grant concessions for the sell of, refreshments from portable stands. It is expressly understood and agreed that no alcoholic beverages may be stored, sold, served, given away, or otherwise purveyed at any time, upon PREMISES except as approved by the Board of Supervisors of COUNTY.

6. **REPAIRS AND MAINTENANCE**

COUNTY shall, at its sole cost and expense, keep, inspect, and maintain the PREMISES, including, but not limited to, all buildings, structures, or other improvements constructed or placed by COUNTY, or those being used by COUNTY in connection with this AGREEMENT, in good repair and in a safe, clean, and orderly condition at all times during the term of this AGREEMENT. COUNTY shall not permit graffiti, landscape waste, anthropogenetic material, etc., to accumulate at any time, or commit, suffer, or permit any waste on the PREMISES or the improvements, or permit any acts to be done in violation of any laws, ordinances, or regulations.

COUNTY shall obtain approval from the DISTRICT prior to commencing any maintenance activities on or immediately adjacent to Puddingstone Dam No. 1.

COUNTY shall, at its sole cost and expense, take all steps necessary to protect all DISTRICT-owned improvements and property from damage and to prevent any interference with DISTRICT'S operations. COUNTY shall be liable for damage to DISTRICT-owned improvements and property resulting from or attributable to the use and occupancy of the PREMISES by COUNTY or any person entering thereon with or without the consent of COUNTY, expressed or implied.

COUNTY shall, repair or remove any and all damage that COUNTY has made or caused to its own improvements, at no cost to DISTRICT. At DISTRICT'S sole discretion, COUNTY shall repair and/or remove any and all DISTRICT-owned improvements, which are damaged by COUNTY. Prior to COUNTY'S repair or removal of said damage, COUNTY shall notify DISTRICT in writing. Where DISTRICT-owned improvements are affected, COUNTY shall obtain DISTRICT'S approval. If COUNTY fails to repair said damages or remove damaged structures immediately and to DISTRICT'S satisfaction, DISTRICT may enter PREMISES with or without notice and repair said damage, or at DISTRICT'S option, may terminate the Lease. Should DISTRICT repair or remove said damages, COUNTY shall reimburse DISTRICT for any and all expenses incurred.

Notwithstanding the above, DISTRICT shall not be obligated to make any repairs, alterations, additions or improvements in, on, or to PREMISES or in, on, or to any structure or other improvements hereinafter erected or installed thereon by COUNTY, whether structural or nonstructural, ordinary or extraordinary, foreseen or unforeseen.

7. CONSTRUCTION AND ALTERATIONS

COUNTY has the right to construct the improvements necessary for use of the PREMISES as provided in this AGREEMENT. Construction, operation, and maintenance of any improvements shall be in conformity with all laws, rules, regulations, and ordinances.

The construction, reconstruction, alteration, remodeling, or removal of any improvements shall not commence until COUNTY'S final plans and specifications thereto have been submitted to and approved by DISTRICT and are in accordance with the terms and conditions of this AGREEMENT. COUNTY shall obtain and bear costs of permits for such work. Such written approval for construction, reconstruction, remodeling, or alteration, with the exception of removal, shall not be unreasonably withheld unless DISTRICT, at its sole discretion, determines that the proposed construction, reconstruction, remodeling, or alteration, will interfere with DISTRICT'S operation and maintenance of its facilities.

COUNTY shall arrange for, obtain, and bear costs of all permits, including plan check and inspection fees, licenses, environmental impact reports, site preparation, surface treatment, relocation of any facilities, and enclosure of the PREMISES as necessary or required for health or safety in the construction, operation, and maintenance of the PREMISES as used by COUNTY.

COUNTY agrees to perform the covenants and conditions contained in any permit issued or to be issued to COUNTY by DISTRICT. In the event of any inconsistencies or ambiguities between the terms of the AGREEMENT and any permit issued, the AGREEMENT shall prevail.

8. INDEMNIFICATION

Notwithstanding the provisions of Government Code Section 852 et seq., the COUNTY agrees to release, indemnify, defend, and save harmless the DISTRICT, its agents, and employees (collectively, Indemnified Parties or singularly, Indemnified Party) from and against all claims, damages (including, without limitation special and consequential damages), injuries, costs, response costs, losses, demands, debts, liens, liabilities, causes of action, suits, legal and administrative proceedings, interest, fines or increases in fines, charges, penalties and expenses (including without limitation reasonable attorneys', engineers', consultants' and expert witness fees and costs incurred in defending against any of the foregoing or in enforcing this AGREEMENT) of any kind whatsoever (collectively, Claims), paid, incurred, or suffered by any Indemnified Party or asserted against any Indemnified

Party, directly or indirectly arising from or attributable to (a) any injury or damage to person or property sustained as a proximate result of the acts or omissions of the COUNTY, its employees, agents, contractors, assignees, or concessionaires, or arising out of any condition of, or condition occurring upon the property herein defined or in the operation, use, control, or occupancy of the property (b) changes in water quality within the reservoir, attributable to any and all recreational activities, and improvements performed by the COUNTY as a result of this AGREEMENT. The foregoing is intended as a broad indemnity that includes, without limitation, Claims pursuant to the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended (42 U.S.C. Section 9607 et seq.) ("CERCLA"), and under Chapter 6.5 of Division 20 of the California Health and Safety Code (commencing with Section 25100) or related to water quality or the DISTRICT'S National Pollutant Discharge Eliminations Systems or any permits related thereto and/or any requirements relating to Total Maximum Daily Loads or the Clean Water Act.

9. COMPLIANCE WITH REGULATIONS

The COUNTY shall be responsible at its sole cost and expense for compliance with any Federal, State, or local regulation that is applicable to the reservoir and the leased PREMISES as a result of this AGREEMENT, which includes, but is not limited to, the recreational activities and improvements performed by the COUNTY.

10. OWNERSHIP AND DISPOSITION OF IMPROVEMENTS

The COUNTY agrees to remove or relocate any or all of its improvements within the PREMISES, at COUNTY'S sole cost and expense, if the DISTRICT determines, at its sole discretion, that the DISTRICT'S operation or use of the PREMISES so require. All permanent, temporary, or portable structures, apparatus, or other such installations, which may be located upon or installed within the PREMISES herein defined, by the COUNTY or its designates, except as hereinafter provided, shall for all purposes be and remain the property of the constructing party during the Lease Term. Such improvements shall be removed from the PREMISES within 180 days following the termination of this AGREEMENT or any extension thereof. It is understood and agreed that in the event such permanent, temporary, or portable improvements are not so removed, the title thereto shall thereupon and thereafter become and remain vested in the DISTRICT, and the DISTRICT shall have the right to remove, or order the removal of, said improvements from said PREMISES. All costs in connection therewith shall be accepted and paid by the COUNTY on demand.

As of the effective date of this AGREEMENT, the COUNTY'S inventory of improvements and structures are listed on Exhibit I-C, attached hereto and made a part by reference.

11. ASSIGNMENT AND SUBLEASING

COUNTY shall not assign this AGREEMENT or sublease any portion of the PREMISES without the DISTRICT'S prior written consent, which may be withheld at the DISTRICT'S sole and absolute discretion.

12. FLOOD CONTROL AND WATER CONSERVATION PRIORITY

The parties acknowledge that PREMISES are located within the Puddingstone Reservoir area and is subject to flooding, inundation, and release of waters. The COUNTY agrees to assume all liability for injury or damage to person or property within the PREMISES and agrees to make no claim for damages by reason of the flooding or inundation of, or release of waters from, the PREMISES. It is further understood and agreed that the use, operation, and maintenance of the Reservoir area, for the control, conservation, or storage of flood or other waters, will not be restricted nor will the COUNTY interfere with the operational facilities of the DISTRICT in acting under this AGREEMENT.

The COUNTY agrees to permit DISTRICT'S officers, agents, contractors, employees, or other designates access through, over, or across the PREMISES in the prosecution of their duties.

2. ACTUAL COSTS shall consist of and be limited to actual costs incurred at said PARKS AND TRAILS for Trails Maintenance, Grounds Maintenance, Building Maintenance, Utilities, Lifeguards, and Safety Police and shall include currently applicable percentages added to salary, wage, and equipment costs to cover overhead, administration, and depreciation in connection with any or all of the aforementioned items.
